

BIKE PATH

Will the river bridge include a bikeway or sidewalk for bikes?

Yes, there will be a bike facility across the river connecting the Fox River Trail with the existing sidewalk along Red Gate Road in front of the High School. The planning for this connection is still in the concept phase and several alternates have been proposed. It is not yet known if the bike facility will be a sidewalk on the bridge or a separate bike bridge.

Will the bike path go south along Route 31?

There are no plans to extend the bike path south along Route 31.

Will the bridge increase traffic on Weber Drive which has the bike path along the shoulder?

The bridge is not anticipated to connect with Weber Drive and will, therefore, not affect traffic volumes on Weber Drive.
